Dear Matthew:

I just want to thank you again for entertaining us at our Cocktail Reception in our office on October 16, 2008. Your 'Strolling Magician' act was great, and your easygoing personality made it fun for everyone; that, and of course your magic tricks!

I received a lot of positive comments from those at the reception. Here are a few for your reference: "I thought Matthew the Magician was a lot of fun... he's really good with his tricks... and he's good with crowds, quite entertaining". "It was really quite good how he engaged people by remembering their names". "It was a really good performance".

We hope to have another opportunity to invite you back to our office.

Thanks again!

Yours truly,

KLOHN CRIPPEN BERGER LTD.
