To Whom it May Concern:

Richmond Plywood was fortunate to have Matthew Johnson delight its staff at our annual Christmas Party earlier this month. From the time of his entrance he kept the adults laughing. He encouraged audience participation, even inviting guests on stage to help with his tricks.

Matthew's level of professionalism was apparent from the outset. He arrived on time, even though driving conditions were terrible because of heavy fog. During his set-up, he warmed up the crowd, who waited in anticipation of MAGIC. They got what they waited for, and several commented after the show that we had an excellent magician this year.

I would highly recommend Matthew for magical entertainment for your special events.

Yours truly,

Heather Haryu  
Executive Secretary
